Transcript of Tape Recording

(1) You are about to listen to a tape recording that has been received in evidence. Please listen to it very carefully. Each of you has been given a transcript of the recording to help you identify speakers and as a guide to help you listen to the tape. However, bear in mind that the tape recording is the evidence, not the transcript. If you hear something different from what appears in the transcript, what you heard is controlling. After the tape has been played, the transcript will be taken from you.
