Consideration of Evidence

(1) You should use your common sense in weighing the evidence. Consider it in light of your everyday experience with people and events, and give it whatever weight you believe it deserves. If your experience tells you that certain evidence reasonably leads to a conclusion, you are free to reach that conclusion.

(2) Unless and until outweighed by evidence in the case to the contrary, you may find that official duty has been regularly performed; that private transactions have been fair and regular; that the ordinary course of business or employment has been followed; that things have happened according to the ordinary course of nature and the ordinary habits of life; and that the law has been obeyed.
